Definitions

To learn more about electric competition, you can view the Electric Competition Dictionary on the PAPUC's website at http://www.puc.state.pa.us/consumer info/electricity/electric competition dictionary.aspx and view Common Electric Competition Terms at https://www.papowerswitch.com/glossary/.

In this disclosure statement, the following definitions apply:

Commission, PAPUC - refers to the Pennsylvania Public Utility Commission.

Distribution – The delivery of electricity to your home or business. This includes local wires, transformers, substations and other equipment used to deliver electricity to end-use consumers from the high-voltage transmission lines.

EDC, Utility - Refers to PPL.

EGS, ECAP, Our, Us, We - Refers to The Energy Co-op.

Generation Charge –The charge for producing electricity.

Transmission Charge – The charge for moving high voltage electricity from a generation facility to the distribution lines of an electric distribution company.

You, Your – Refers to the member of The Energy Co-op to whom we are supplying renewable electricity.

Products & Rates

Product	Price Structure	Rate	Expiration Date
EcoChoice100 National	Variable	\$0.1059 per kWh	Varies monthly
EcoChoice100 Pennsylvania	Variable	\$0.1559 per kWh	Varies monthly

EcoChoice100 National and Pennsylvania Pricing

You will pay a variable price per kWh for all electricity provided under this agreement, as reflected in the table above and the attached contract summary. The Energy Co-op offers products providing members choice in selecting the geographical source of their renewable electricity. The EcoChoice100 National product is sourced from wind and solar projects nationwide while the EcoChoice100 Pennsylvania product is sourced solely from wind and solar projects within the Commonwealth of Pennsylvania. Both products are 100% renewable, specifically 99% wind and 1% solar. The product that you have chosen is reflected on the contract summary.

Contract Duration

Variable rates are subject to change. **The rates can change each billing period**. Variable rates change on the first day of each calendar month and will be accessible, with updated terms, at www.theenergy.coop/electricity-terms-conditions. **You will not receive notifications of variable rate changes except at the time of billing.** The Energy Co-op's variable rates do not have limitations on rate variability, rate ranges, or rate ceilings, and there is not a limit on how much the rate may change from one billing cycle to the next. Your first billing cycle's rate will be the rate for the product that you have chosen, reflected on the contract summary. Variable rate changes are based on market conditions and fluctuations in energy-related costs. If The Energy Co-op wants to change the contract, you will receive two separate notices before the changes happen. You will receive the first notice 45-60 days before, and the second notice 30 days before the date the change becomes effective. These notices will explain your options.

Explanation of Charges

The rates listed above include Transmission Charges (if applicable) and estimated Total State Taxes, including the Gross Receipts Tax, but exclude applicable state and local Sales Tax. Rates are not introductory rates, do not have any other applicable EGS fees, do not require a deposit, and are subject to applicable taxes. Your EDC may charge fees and taxes. The supply rate may not always provide you with savings.

Generation prices and charges are set by the electric generation supplier you have chosen. Your EDC is responsible for distribution charges, as well as any emergencies and outages. The Public Utility Commission regulates distribution prices and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

Based on a monthly average usage of 700kWh, the following table provides you an estimate of your monthly electricity bill if you receive service from PPL and your generation and transmission from The Energy Co-op. Your actual bill will vary based on your use of electricity and your elected rate.

Historical Pricing

To request The Energy Co-op's previous 24 month's average monthly billed PPL residential rates, please call us at 215.413.2122 or email us at info@theenergy.coop. Historical pricing is not indicative of present or future pricing.

Contract Term & Cancellation

Service Start Date

Generally, your renewable electricity supply by The Energy Co-op will begin 3 business days after your enrollment request is processed by the EDC.

Right of Rescission

You have a 3-day right of rescission per 52 Pa. Code § 54.5(d) during which you can revoke your enrollment with our electricity service. The 3-day right of rescission is for 3 business days and begins when you receive the written disclosure. You may cancel in writing, orally or electronically, if available. Waivers of the 3-day right of rescission are not permitted by any EGS.

Cancellation/Early Termination Fees

The Energy Co-op does not charge cancellation or early termination fees for any of the products or rates listed.

EGS-Initiated Cancellation – The Energy Co-op may cancel this Agreement at any time by providing written notice to you. If we cancel this agreement for any reason other than for customer non-payment, we will follow applicable rules in providing notice to you. See the Contract Duration section for an explanation of the notices you will receive prior to cancellation.

Customer-Initiated Cancellation – If you cancel this agreement before the end of the initial term, you will owe us for amounts unpaid up to the date of cancellation. You can cancel this agreement at any time by calling us or using our website. Please see our contact information below.

Customer Move – If the customer moves from the address listed above to another utility service territory, this agreement is cancelled.

Additional Information

Electric Choice & Shopping

Information about shopping for an electric supplier is available at www.PaPowerSwitch.com or other successor media platform as determined by the PAPUC, by calling the PAPUC at (800) 692-7380 and the Office of Consumer Advocate at 800.684.6560 OR at www.oca.state.pa.us.

Assistance & Universal Service Programs

PPL offers a number of assistance programs designed to provide low-income, residential customers with continued electric in exchange for reduced monthly payments based on individual household needs. For more information on PPL's assistance programs, visit https://www.pplelectric.com/my-account/payments/need-help-paying-your-bill.aspx or you can call PPL at 800.342.5775.

Obtaining Customer Account Information

The Energy Co-op may obtain your historical usage data from PPL for purposes of enrolling and supplying renewable electricity to you. By enrolling with The Energy Co-op, you hereby consent to The Energy Co-op obtaining and using that information for the purpose(s) stated, and consent to PPL releasing that information. The Energy Co-op will maintain the confidentiality of your personal information including your name, address, telephone number, electric usage and historic payment information, as required by applicable Commission regulations and Federal and State laws.

Assignment

This contract is not assignable by you. The Energy Co-op may assign this contract, including to a purchaser of all or substantially all of its business or as collateral in connection with one or more financing transactions.
